FIRST VICE PRESIDENT GOLBY IN HOSPITAL

Mr. Eric Golby recently underwent surgery for a detached retina. Our members will be happy to know that Eric is back home from Gainesville, where the operation was performed and is doing fine. The doctors tell him that operations of this kind are 98% successful and he should have no reason to believe that his will be anything but perfect. He will be unable to work for about three weeks but should be back in full harness after that.
